Message cum Advisory Note

Dear Students,

New academic session is going to start which will come with some new expectations, opportunities and responsibilities as well.

Today, education stands at the crossroads of keeping pace with the emerging needs of humankind alongside fast changing trends in technological and scientific development. We believe that our students have such inherent talent & potential in them and need to polish, sharpen and utilize towards career orientation.

We expect from students to actively engage in the academic excellence and innovative research ideas of the modern era and seek them to be prepared for corporate and industry ready. Without passion and self-motivation, a dream cannot come true. Hence, we seek to instill in our students, a passion for learning that will bring the knowledge and understanding, required for a positive contribution.

We also urge students -

- To willing participation in competitions like Hackathon & others, organized by the Institute/University/AICTE/MHRD being notified by the institute time-to-time.
- To get the optimum benefit of the scheme of statutory bodies (University / AICTE / MHRD / COA, etc.) being displayed by the Institute time-to-time.
- To pay more attention in participating in Research, Prototyping, Innovation to enhance technical skills.
- To be more attentive towards laboratory work, project, mini-project in order to be well equipped and industry/corporate ready.
- To part in the events & activities organized by the institute to groom the personality as well as holistic development.
- To follow code of conduct as expected from the students.
- To be updated with information being displayed at Notice Boards, Institutional Website by the institute to avoid any communication loss.
- To join hands in keeping the campus as well as our surrounding clean.

We hope that all our students will do exceedingly well in all the coming sessions and bring name and fame for themselves, their parents and to the Institution.

Prof. (Dr.) L K Tyagi
Director
